The Cayman Islands Veterinary Medical Association (CIVMA) is pleased to announce that it will be hosting the 28th Biennial Caribbean Veterinary Medical Association (CbVMA) Conference to be held November 4-7, 2014 at the Marriott Beach Resort located on Seven Mile Beach. This event is the premier meeting venue for veterinarians of the Caribbean with additional attendees from other countries, including the United States.

This chosen theme has the ultimate goal of improving both animal and human quality of life. It will address how enhancements of animal health can provide benefits for attendees, as well as, residents, visitors and investors in the Caribbean, through increasing awareness of emerging diseases, promoting animal welfare, and highlighting the “One-Health” concept. The conference committee has invited world-renowned speakers in the Veterinary and Allied Health professions. Guy Harvey, PhD, one of Cayman’s own local experts, has agreed to be our Keynote Speaker.

There will also be activities to engage participants in local culture, ecology, and the business of Grand Cayman. The 2014 Conference will occur during the celebration of our most popular heritage event, “Pirates Week.” Plan to bring the family and stay after the conference to enjoy this yearly event. There is no better place than Grand Cayman, one of the Caribbean’s finest islands, to enjoy a good work and life balance!

The CbVMA 2014 Scientific Program will feature regional and international renowned speakers. For three days leading experts in the veterinary profession will deliver information on important veterinary topics that span the range of species and the diversity of interests in veterinary medicine. Practical wet labs and master classes will be offered to enhance the educational experience.

It goes without saying that if you are in the Caribbean, you’re going to have fun! Whether you’re looking for complete relaxation, exquisite dining, exciting nightlife or the beautiful underwater sights of the accessible reefs, Grand Cayman has something for everyone.

The Grand Cayman Marriott Beach Resort, our host hotel, is located on the Seven Mile Beach, often rated as one of the most beautiful beaches in all the Caribbean—and the least populated. Our hotel room rates are deeply discounted! Click here for more information.

Let us show you our impeccable hospitality and the full beauty of our Cayman Islands. We invite you to join us November 4-7, 2014 to see old friends, meet new colleagues, and enjoy all that Grand Cayman has to offer.

**The Science of Happiness: Achieving and Maintaining Good Mental Health, David Bartram, BVetMed MPhil FRCVS**

We all want to be happier—it’s what makes life worth living—but few of us know how to go about improving our happiness. This presentation provides several evidence-based steps towards a more fulfilling, productive and enjoyable life.

Dr. David Bartram graduated from the Royal Veterinary College, University of London in 1988 and moved into the pharmaceutical industry after three years in farm animal practice. He is currently employed in a marketing and technical role for a leading animal health company. Dr. Bartram is passionate about the mental health and wellbeing of the veterinary profession. He gained an MPhil and RCVS Fellowship for his research in this field, has published extensively and presented at conferences worldwide. He has been a director of the UK Veterinary Benevolent Fund since 2008. David was the 2013 recipient of the British Veterinary Association Chiron Award for outstanding contributions to the profession.

Plenary Speaker—Dr. Carlton Gyles

8:00-9:00 a.m.
Bats, Disease, and Mystery, Carlton Gyles, DVM, PhD
Bats have long been known as reservoirs of important zoonotic bacterial, fungal, and viral disease agents that infect animals and humans. In recent years, bats have themselves been victims of devastating infections. Most importantly, bats are now being recognized as the source of a large number of viruses, some of which are the causes of emerging diseases with high mortality in humans.

Dr. Carlton Gyles is a native of Jamaica, who lives in Canada. He was a faculty member at the Ontario Veterinary College in Guelph, Ontario, Canada for 36 years and is presently Professor Emeritus. His areas of specialization are bacterial infections of animals and public health.

Dr. Gyles sponsored by the University of the West Indies.

**Plenary Speaker—Dr. Darrel Styles**

8:00-9:00 a.m.
**Emerging Zoonotic Diseases, Darrel Styles, DVM, PhD**

The importance of understanding the implications of the “One Health” concept of veterinary and human medicine is best highlighted in the field of “Emerging Zoonotic Diseases.” When veterinarians and human doctors work together to quickly decipher the signs of newly infectious diseases, it is our best chance to prevent widespread morbidity and mortality in both the animal and human populations. Dr. Styles will present his unique perspective of what it is like to be a veterinarian who is the “advanced scout” for warning us about emerging diseases.

Dr. Darrel Styles graduated from North Carolina State University College of Vet. Med in 1987 and received a PhD in Veterinary Microbiology from Texas A&M University College of Vet. Med. in 2005. After 20 years of working in avian clinical practice, aviculture, and avian disease research, he joined the USDA APHIS in 2006. Dr. Styles is currently a Senior Staff Veterinarian in the National Center for Animal Health Emergency Management – Emergency Management and Diagnostics, Preparedness and Incident Coordination Staff. Some of his duties at USDA include technical oversight for infectious disease issues; disease countermeasure development including: vaccine development and acquisition and strategies.

Practical Labs

Price includes all supplies, transportation, 1 hour pre-lecture and 3 hour hands-on lab session.

Dress code for ultrasound lab is scrubs. Dress code for Examination of Reproductive Tracts lab is coveralls or scrubs.

Friday 1:40-4:40 p.m.

Examination and Manipulation of Reproductive Tracts from the Slaughterhouse Including Suturing of the Uterus, Maarten Drost, DVM, Dipl ACT

The laboratory exercises will first be illustrated with the Bovine Reproduction Guide of “The Drost Project” (http://drostproject.org). Next, slaughterhouse reproductive tracts will be used to 1) palpate pregnant uteri under a plastic bag to block visual assessment; 2) ultrasound tracts in water baths for signs of pregnancy and ovarian activity; 3) suture uteri with the Utrecht method.

Held at St. Matthew’s University, School of Veterinary Medicine Clinical Teaching Facility; transportation provided.

Ultrasound Practical Lab, Brian Poteet, DVM, DACVR, DABSNM

During this 4 hour interactive lab session, participants will scan live canines using state of the art ultrasound machines (various brands and cost of machines). The lab will assume a “beginner level” of the attendees but will quickly escalate in shared information. Finding and recognizing all normal abdominal organs will be emphasized. Any pathology found will also be shared with all participants. Each participant will scan for a timed period of time within a group, and then rotate to the next station. There will be a maximum of 6 stations with no more than 6 participants per group. Instructors will supervise all scanning as well share “tips and tricks” on how to find all of the abdominal organs as well as recognition of normal anatomy.

Held at the Agriculture Pavilion; bus transportation provided.

Dr. Brian Poteet’s Practical lab sponsored by St. Matthew’s University.

Student Rate (15% discount) up to four guests $135.00 US

Room rates are quoted exclusive of applicable 23% taxes (10% service charge, 13% Government Tax). The hotel service charge includes bellmen and maid gratuities. There are no additional “resort fees.” Prices are in US dollars.

Check-In Time: 4:00 p.m.
Check-Out Time: 11:00 a.m.

Discounted Rooms for Students: A limited number of student rooms are available at the rate of $135 US per quad. Student rooms are available on a first-come, first-served basis. The Conference Office will make your reservation with the hotel and provide a confirmation number. To qualify, students must email/send a copy of their student ID along with complete registration form and hotel reservation form to the Conference Office. Additional verification may be required upon request.

The number of rooms is limited. Please note that rooms will be assigned on a first-come first-served basis. Reservations after the “cut off” date of October 2, 2014 cannot be guaranteed and, if available, may be at a higher price. Please make your reservations as soon as possible.

Conference Hotel: A small portion of the discounted room rate paid to the host hotel is rebated to the conference account. This rebate is offered as an incentive for doing business with the hotel and helps defray conference expenses, helping to keep registration fees low. Therefore, all parties benefit when you select the official conference hotel for your lodging.

How to Make Hotel Reservation

• Click here to make your reservation online.
• To request a king or double beds, please complete the section Room & Accessibility Preferences (optional).
• If you have problems with this site, please contact the hotel directly.

Information to Assist You

Be Prepared for Weather Changes—Dress in Layers

Since the temperatures may get high outside and sessions will be air-conditioned inside, dressing in layers is strongly advised.

The Dress Code is “smart casual” for all sessions and receptions.

Continuing Education

Continuing Education credits are recognized through RACE and are offered for certain sessions. If approved, the total number of hours an attendee can obtain by attending the entire conference is 20 CE hours.

Services for People with Disabilities

If you require specific aids or services during the conference, please note this on your registration form or contact the Conference Office. Please allow adequate time for arrangements to be made.

Child Care

AAA Caregivers Agency is a local company offering child care services. Please click here for their information.  [http://www.aaacaregivers.ky/contact-us.php](http://www.aaacaregivers.ky/contact-us.php)  Individual is responsible for making all arrangements. Staff and affiliates take no responsibility and have no liability for services selected.
The Grand Cayman Island

Cosmopolitan Grand Cayman Island is the largest of the three Cayman Islands. Whether you are looking for complete relaxation, exquisite dining, exciting nightlife or the awesome underwater sights of the very accessible reefs, there is something for everyone. Our host hotel, the Grand Cayman Marriott, is located on Seven Mile Beach. Named one of the “Ultimate Beaches” by Caribbean Travel + Life, Seven Mile Beach is only one of the many reasons why Grand Cayman is considered the ultimate Caribbean destination and the epitome of an island getaway vacation.

For a complete overview of the Cayman Islands, please visit the website: www.caymanislands.ky

Book Your Activities with Tropicana Tours
Tropicana Tours is your “one stop” destination management service for all your tour needs. To contact Tropicana and book a tour, visit http://www.tropicana-tours.com/
Here are just a few must-do-tours while visiting the island:

Sightseeing Tour
Depart from the Marriott and step aboard air-conditioned coaches for a memorable tour along the West Bay peninsula. A brief stop at the Governor’s Residence located on Seven Mile Beach and then you’re off to visit the world’s only green sea turtle farm. The experienced guides will give details of the farm and allow you to pick up a turtle for a photograph. The next stop is a visit to “Hell,” so named for its unusual rock formations. At sunset when the orange sun reflects off the water collected in the pools, it resembles a burning hellfire. This is a favorite stop to mail postcards and have them postmarked from “Hell.” The next stop is Tortuga Rum Shoppe where you will experience a taste of the Caribbean’s original world famous rum cakes and Tortuga duty free liquors.

Stingray Sand-bar Snorkel Tour
Ever pet a stingray in an aquarium? How about petting a few dozen while wading in the Caribbean? The Stingray City Sandbar is one of the top Cayman attractions and a must-do on your Grand Cayman vacation. Stingray City is home to a whole fleet of southern stingrays that congregate near the shore.

Reef Runners Adventure Tour
Cruise across the North Sound and through the mangroves, where your guide will explain about the local flora and fauna. On departing the Mangrove Jungle our guide will lead you to the Living Coral Gardens where you will snorkel among the vibrant colors of Caribbean fish and beautiful coral formations before returning to Blue Water Sports and waiting transportation.

Pirates Week
www.piratesweekfestival.com
The 2014 Conference will occur during the celebration of our most popular heritage event, “Pirates Week.” Plan to bring the family and stay after the conference to enjoy this yearly event. There is no better place than Grand Cayman, one of the Caribbean’s finest islands, to enjoy a good work and life balance!

Pirates Week 2014 will start on November 6 and finish on November 16 and will be filled with days of music, street dances, competitions, games, wonderful local food and drink, kids’ day, glittering parade, sports events for everyone, Heritage Days, pirate invasion and fireworks galore!

- Fax—303-459-5113
- Mail—3265 S Marion St., Englewood, CO 80113
- Make checks payable to “The Planners”
- Registrations will not be accepted by phone.
- Payment must accompany registration in order for us to process your registration and reserve practical lab space.
- Early, regular, and onsite registration fees will be applied based on the date that your registration with full payment is received. In cases where cards are initially declined, the prevailing fee at the time approval is received will be charged.
- To receive discounted member rates, you must be an active CbVMA member. This will be verified with your local association.

Payment and Receipts
- MasterCard, Visa, Discover, American Express credit cards are accepted.
- All money is in US Dollars.
- Registrants not using a credit card should use a check or international draft drawn on a U.S. bank in U.S. funds made payable to the Planners. Send by courier such as Federal Express or by registered mail.
- Receipts confirming registration will be emailed. Please verify the accuracy of your receipt and contact the Conference Planner immediately with any changes.
- In the event that a registrant is entitled to a refund for a portion of his/her registration fee, it will be processed via the same method it was paid; for instance, if payment was made by credit card, the refund will be processed as a credit to your credit card account.
- For credit card charges, your agreement on the registration form authorizes the Conference Planner to adjust the amount charged in the event fees were miscalculated.

Cancellation Policy
- Partial cancellations and/or changes to your registration are subject to a $10 processing fee.
- If personal or professional circumstances prevent you from attending the Conference, the CbVMA will refund your registration fees less a $50.00 administrative fee provided that a written refund request is received by October 12th, 2014. No refunds will be granted after this date.
- Refund requests must be received in writing by email ([info@theplanners.co](mailto:info@theplanners.co)) or fax (303-459-5113) no later than October 12, 2014 to entitle the registrant to a full refund less the $50 US processing fee.
- No refunds will be granted for labs or meal/entertainment functions.
- Please note that refunds will not be processed until the completion of the Conference.

No-Show
There will be no form of refund for “no shows” unless considered a special exception by the Conference Committee. Special exceptions such as family and health emergencies will be handled on a case-by-case basis.

Eligibility Requirements
- All program components, except practical labs, are open to anyone who registers; however, children under 12 are not allowed in any educational sessions.
- Entrance to educational sessions is limited to persons registered for the conference.
- Student fees must be qualified by a copy of current student ID and must accompany registration.
- Guest program registrants who are minors (under 18) must be accompanied by a paid adult guest program registrant.

Lab Policies
- By registering for a Wet Lab, Registrant acknowledges and agrees that some Labs involve working with live animals, cadavers, specimens, equipment and other unique learning materials which may expose the Registrant to a risk of injury or disease in the same manner as a veterinary professional would be exposed to these risks in carrying out the same or similar procedures in a clinical setting. The Registrant, by registering for these Labs and completing this Registration Form, agrees to assume this risk and hereby waives and releases the CbVMA/CIVMA and any faculty, staff or other participants from any and all damage or injury arising out of or related to Registrant’s participation in the Wet Labs.
- Labs are open to veterinarians and qualified veterinary students.
- Labs are not open to technicians.
- Lab selections are confirmed based on receipt of registration with payment and availability.
- Partial cancellations and/or changes to your registration are subject to a $10 US processing fee.
- Children are not allowed in any lab.

Consent to be Photographed
By registering for the Conference, you grant permission for your photograph to be taken and used in future marketing materials.
