Abdominal surgery, need for, in colic, 144
Acute renal failure, continuous peritoneal dialysis for, 96
Adipobiology, introduction to, 41
Adrenocorticotropins (ACTH), endogenous, domperidone effects, in Cushing’s disease, 320
Air quality testing, equine barn, 81
Airway obstruction
diagnosis with BAL, 104
in the equine barn, 81
Allergies
manifestations of, 466
treatment of, 469
Alpha2 agonists, treatment for colic, 154
Amniotic membrane, use in coronary-band prolapse, 501
Analgesics, systemic, treatment for colic, 154
Anesthesia, resulting from ESWT, 583
Anorexia, effective enteral nutrition, 93
Antibiotics, for immune-mediated myopathies, 354
Antibody responses, induced by recombinant canarypox vaccine, 232
Arthritis, distal hock, 5
Atopy, manifestations of allergies, 466
Aural plaques, 483
Avocado/soybean unsaponifiable oils, use in osteoarthritis, 570
Avulsion wounds, distal extremities, 281

Benzoylcarboxylic acid, trace identification, post-race urine tests, 331
Bioavailability, comparative, IV, SC or IM ceftiofur, 329
Bone cysts, subchondral
arthroscopic injection of corticosteroids, 414
injection with triamcinolone, 412
Bone deformities, horses with silicosis, 311
Bone exposure, distal extremities, new concepts in treatment, 281
Bone marrow, diagnostic sample, sternum, 621
Borreliosis and arthropods, 622
Borreliosis, in-house ELISA test for, 222
Breeding, maximize fertility, older maiden mares, 245
Bronchoalveolar lavage (BAL), using a three-meter gastroscope, 104
Broodmares. see also Mares
Thoroughbred, gastric ulcers in, 264
Buscopan, uses in equine reproduction, 591

Calcaneal bursitis, 31
Canarypox vaccine, antibody and IFN-γ responses induced by, 232
Ceftiofur, IV, SC or IM administration, comparative pharmacokinetics, 329
Chondroitin sulphate, glucosamine and, effects on osteoarthritis, 572
Cisplatin, intratumoral, treatment of sarcomas, 337
Cloning, review of, 398
Cocaine, as an environmental contaminant, post-race urine tests, 331
Colic causes and risks, 115
future research, 174
intestinal response to injury, 120
introduction, 109
need for emergency surgery, 144
prognosis and prevention, 170
treatments, 154
Collateral-ligament desmitis, 1
Communication, in equine practice, 181
Composite repair, hoof wall defects, 516
Coronary-band prolapse, hoof-wall resection and amniotic membrane in, 501
Corticosteroids
arthroscopic injection, subchondral cystic lesions, 414
for immune-mediated myopathies, 354
Cryotherapy, use in laminitis, 538
Cryptorchid testicles, prepubertal Thoroughbreds, repeated HCG administration for, 381
Cushing’s disease, 55, 60
domperidone effects, 320
Cutaneous equine sarcoidosis, 490
Cytological examination, external ear canal, 310

Decompression, treatment for colic, 154
Deep digital flexor tenotomy, mid-metacarpal, standing, 547
**SUBJECT INDEX**

Dermatology
- allergy treatments, 469
- atopy, 466
- aural plaques, 483
- crusting and ulcerative lesions, 490
- cutaneous equine sarcoidosis, 490
- eosinophilic granuloma, 486
- hereditary diseases, 497
- insect hypersensitivity, 463
- nodules, lumps, and bumps, 475
- pemphigus, 492
- pyoderma, 457
- sarcoïds, 478
- urticaria, 486

Dexamethasone-suppression test, use in PPID, 60

Diagnosis
- anesthesia for lameness, association with intra-articular joint medication, 441
- colic, 144
- in-house ELISA test for *B. burgdorferi*, 222
- muscle disorders, 340
- palmar foot pain, 198
- pituitary pars intermedia dysfunction, 60

Diaphragmatic hernias, 565

Digital venogram, vasculature of the foot, 526

Distal phalanx, sequestrum removal from, 505

Domperidone, effects on ACTH, in Cushing’s disease, 320

Dorsal structures, ultrasonography of, 13

Draft horses, competitive, laryngeal disease in, 318

Dynamic compression plate, trans-dental, mandibular and maxillary fractures, 617

**E**

Ear canal, external, otoscopic, cytological, and microbiological exam, 310

Electrothermal bipolar tissue sealing, laparoscopic, removal of granulosa cell tumors, 263

ELISA test, for *B. burgdorferi*, 222

Embryo recovery
- FSH-treated donor mares, 393
- FSH use in, 242

Encephalomyelitis, WNV-induced, vaccine for, 233, 235

Endocrinology
- discipline of adipobiology, 41
- hypothalamic pituitary pars intermedia axis, 55
- insulin resistance, 51
- pituitary pars intermedia dysfunction, 60

Endotoxin, measurement in the equine barn, 81

Enteral nutrition, pelleted feeds through a nasogastric tube, 93

Eosinophilic granuloma, 484

Epidermolysis bullosa (EB), 497

Equine herpesvirus-1 (EHV-1), nasal shedding of, 223

Equine herpesvirus-4 (EHV-4), nasal shedding of, 223

Equine practice, 175
- risk management in, 181

Exercise-induced pulmonary hemorrhage (EIPH), diagnosis with BAL, 104

Extracorporeal shockwave therapy (ESWT)
- anesthesia resulting from, 583
- non-focused, palmar digital vasculature, 580

**F**

Fertility, maximizing successful breeding, older maiden mares, 245

Fetal eye, measurement, determination of gestational age, 250

Fetlock region, osseous trauma, 443

Foals
- cloned, 398
- interferon-gamma expression, plasma and immunostimulant effects, 237
- *Rhodococcus equi* pneumonia, 218
- septic osteomyelitis, 567
- uterine torsion effects, survival, 402

Follicle stimulating hormone (FSH)
- enhancement of embryo recovery, 242
- superovulation with, 591
- treatment, pregnancy rates and, 393

Folliculogenesis, eFSH treatment and, effects on pregnancy rates, 393

Foot, subjective and objective examination, 531

Fractures
- horses with silicosis, 311
- incisor-luxation, dentist’s viewpoint, 559
- mandibular and maxillary, stabilization of, 617
- pelvic, rectal and transcutaneous ultrasound, 609
- tarsus, 1

Gastric ulcers, prevalence in Thoroughbred broodmares, 264

Gastrointestinal tract, colic effects, 120

Gastroscopy, three meter, BAL with, 104

Gestational age, determination with transrectal ultrasound, 250

Glucocorticoids, obesity and, 41

Glucosamine
- chondroitin sulphate and, effects on osteoarthritis, 572
- oral joint supplements, effectiveness of, 574

Glycogen branching enzyme deficiency, abortion and neonatal death, 351

Glycogen storage disorders, polysaccharide storage myopathy, 373

Granulating wounds, pinch/punch grafts for treatment, 626

Granulosa cell tumors
electrothermal bipolar tissue sealing removal of, 263
reproduction failure and, 591

H
Heel function, 188
Hemiplegia, laryngeal, competition draft horses, 318
Hereditary diseases, 497
Hirsutism, in PPID, 60
Hocks
distal inflammation and arthritis, 5
lesions of the tarsus, 1
soft tissue and periarticular conditions, 31
ultrasonography of, 13
Hoof capsule
lesions beneath, surgery, 505
radiographic assessment, 511
Hoof wall defects
preparation for repair, 516
white line disease, 520
Hoof wall resection
indications for, 511
use in coronary-band prolapse, 501
Human chorionic gonadotropin (HCG),
testosterone concentrations and, prepubertal
Thoroughbreds, 381
Hydration, treatment for colic, 154
Hyperkalemic periodic paralysis, 347

I
Idiopathic granulomatous disease, 490
Immunity, duration of, WNV vaccine, 233, 235
Immunostimulant, interferon-gamma expression
and, young foals, 237
Impaction colic, treatment for, 154
Incisor-luxation fractures, dentist’s viewpoint, 559
Infection, prevention in wound management, 270
Infectious disease outbreak, how to approach, 107
Inflammation
distal hock, 5
soft tissue, detection with $^{99m}$Tc-EDTA-biotin, 404
uterine, simultaneous frozen semen and bacteria
treatment, 389
Inflammatory airway diseases
diagnosis with BAL, 104
in the equine barn, 81
Influenza virus
interspecies transmission, 228
recombinant canarypox vaccine, 232
Insect hypersensitivity, 463
Insulin resistance (IR), 51
Interferon gamma
expression, effects of immunostimulant or
plasma, 237
responses, induced by recombinant canarypox
vaccine, 232
Interspecies transmission, influenza A virus, 228
Intestinal inflammation, colic, 120
Intestinal motility, stimulation, for colic, 154

J
Joint sepsis, intra-articular anesthesia, association
with intra-articular joint medication, 441
Joint supplements, glucosamine, 574
Jumping sport horse, specialized examination of, 597

K
Keratomas, hoof wall, 505

L
Lactate, clinical use of, 305
Lactation, non-pregnant mares, 259
Lameness
distal hock inflammation and arthritis, 5
joint sepsis, intra-articular therapy and, 441
lesions, standing MRI detection of, 422
medial femoral condyle, radiographic lucencies, 416
MRI applications in, 427
osseous trauma, fetlock region, 443
osteoarthritis, mesenchymal stem cells, 420
palmar foot pain, 203, 209
radiography of the hoof capsule, 511
soft tissue inflammation, $^{99m}$Tc-EDTA-biotin for, 404
subchondral bone cysts, injection with
triamcinolone, 412
subchondral cystic lesions, corticosteroid
injection, 414
Laminitis
acute, serial hoof biopsies, 542
CHO-induced, transcription of MMP-2 and
MMP-9 in, 540
cryotherapy for, 538
insulin resistance and, 51
mid-metacarpal DDF tenotomy, standing, 547
Laparoscopy
electrothermal bipolar tissue sealing, removal of
granulosa cell tumors, 263
paralumbar hand-assisted, ovary removal, 261
Large animal lift, UC Davis, 87
Laryngeal disease, competition draft horses, 318
Lateral structures, ultrasonography of, 13
Luteinizing hormone, recombinant equine, induction of ovulation with, 387

M
Magnetic resonance imaging (MRI)
applications in lameness, 427
standing, lesions identified with, 422
Mandibular fracture, trans-dental dynamic compression plate, 617
Mares. see also Broodmares
acute uterine torsion, non-surgical correction, 256
determination of gestational age, transrectal ultrasound, 250
eFSH treatment, pregnancy rates and, 393
non-pregnancy, induction of lactation in, 245
reinforcement mating, in natural service mating, 384
source of *Rhodococcus equi* for foals, 218
uterine torsion, effects on survival, 402
Matrix metalloproteinase enzymes (MMP), pathogenesis of laminitis, 540
Maxillary fracture, trans-dental dynamic compression plate, 617
Mayflies, in Potomac horse fever and, 324
Medial femoral condyle
radiographic lucencies, yearlings, 416
subchondral cystic lesions, corticosteroid injection, 414
Medial structures (MCLs), ultrasonography of, 13
Mepivacaine, intra-articular, association with joint sepsis, 441
Metabolic syndrome, obesity paradigm, 60
Methicillin-resistant *Staphylococcus aureus* (MRSA), review, 300
Microbiological examination, external ear canal, 310
Muscle disorders
diagnostic approach, 340
exertional rhabdomyolysis, 365
glycogen branching enzyme deficiency, 351
hyperkalemic periodic paralysis, 347
immune mediated myopathies, 354
polysaccharide storage myopathy, 373
Myelogram, efficient process, 74
Myopathy
immune mediated, 354
polysaccharide storage, 373

N
Nasogastric tube, effective enteral nutrition through, 93
Natural service mating program, reinforcement breeding role in, 384

Neorickettsia risticii, in mayflies, Potomac horse fever and, 324
Neuromuscular disorders, shivers, 359
Nodular necrobiosis, 484
Nonsteroidal anti-inflammatory drugs (NSAIDs), treatment for colic, 154

O
Obesity, discipline of adipobiology, 41
Opioids, treatment for colic, 154
Osteoarthritis
  glucosamine and chondroitin sulphate effects, 572
  glucosamine-containing oral joint supplements, 574
  oral avocado/soybean unsaponifiables in, 570
  treatment with bone marrow derived stem cells, 420
Osteochondritis dissecans (OCD), tarsus, 1
Osteochondrosis, tarsus, 1
Osteomyelitis, septic, foals, 567
Otoscopic examination, external ear canal, 310
Ovariectomy, paralumbar hand-assisted laparoscopy, 261
Ovulation
failure, during breeding season, 591
induction with recombinant equine luteinizing hormone, 387

P
Palmar digital vasculature, extracorporeal shockwave therapy effects, 580
Palmar foot pain, 188
clinical evaluation and diagnosis, 198
lameness from, 203
shoeing strategies in, 209
Pars intermedia, in health and disease, 55
Pelleted feeds, through nasogastric tube, 93
Pelvic abnormalities
rectal and transcutaneous ultrasound, 609
standing lateral oblique radiographs, 613
Pemphigus, 492
Periodontal disease, review, 551
Peritoneal dialysis, continuous, 96
Phalangeal casts, hindlimb, standing, 631
Pharmacokinetics, comparative, IV, SC or IM ceftiofur, 329
Pinch/punch grafts, treatment of granulating wounds, 626
Pituitary pars intermedia dysfunction (PPID), 55
diagnosis and treatment, 60
domperidone effects, 320
Plantar structures, ultrasonography of, 13
Plantar synovial structures, ultrasonography of, 13

SUBJECT INDEX

tarsus lesions, 1
Triamcinolone, injection, subchondral bone cysts, 412

U
UC Davis Large Animal Lift, 87
Ultrasonography
rectal and transcutaneous, for pelvic fractures, 609
tarsus, 13
transrectal, gestational age determination, 250
Urticaria, 486
Uterine torsion
effects on mare and foal survival, 402
non-surgical correction, 256
Uterus, inflammatory response, simultaneous frozen semen and bacteria, 389

V
Vaccine, West Nile virus, 233
duration of immunity, 235
Veterinary practice, preparation for a hurricane, 636

W
West Nile virus (WNV), experimentally induced chimera vaccine, 235
vaccine efficacy, 233
White line disease, 520
Wound management
large avulsion wounds of the distal extremities, 281
new and innovative techniques, 265
prevention of infection, 270
